Christmas Peace Plan of Kaiser is Outlined

Washington, Dec. 21.—What purports to be an outline of the Kaiser's much advertised "Christmas peace terms" has reached here through the same neutral diplomatic channels which earlier in the week received information to support intimations from abroad that a new peace offer was coming.

In the main, the terms as described, follow the lines of those said to have been written by Foreign Minister von Kuehlmann last summer. At that time they were denounced as having been written purely for political purposes. The so-called terms are said to leave the disposition of Alsace Lorraine to a plebiscite of inhabitants.

England to pay Germany for her lost African colonies and the money to be used for the rehabilitation of Belgium, Serbia, Rumania and Northern France.

Russian provinces bordering the Baltic, the Black Sea and Prussia to become independent, under a German plan.

Poland to be called an independent state under Austrian suzerainty. Disarmament, freedom of the seas and commerce to be left to the peace conference.

Rumania, Serbia and Montenegro to retain their original boundaries, with the right of access to the sea being granted to Serbia.

Turkey to remain intact.

Carries Coke to South Carolina

T. E. Albertson and son of Route 3 went to Spartanburg, S. C., last week to carry a load of coke for Mr. Armstrong. Mr. Albertson says coke and coal are almost as scarce as diamonds in Spartanburg. While there he saw Mrs. Armstrong's son (who is in the army) bringing in a bushel of coal which he had been fortunate enough to get. Mr. Albertson stopped in Charlotte and took on a load of Ford parts and brought here. The snow was also a heavy one all along the line to Spartanburg.

CHRISTMAS CHEER

Again we state that you will bring Christmas cheer to The Review office if you will square your account during the holidays.

TO FIX WOOD PRICES

Prices which may be charged for wood will be fixed by the fuel administration for all parts of North Carolina, pursuant to instructions issued at headquarters in Greensboro to all the local fuel committees. A. W. McAlister, the fuel administrator, informed the local committees of his authority from the Federal fuel administration in Washington to fix wood prices, and advised his organization how to proceed. He instructed the committees to be fair in their price scale, allowing the dealer a good profit, but stated that there is no obvious reason why wood should sell for a higher price in this State now than it did last month.

Wood prices will be sealed to suit the locality, with the committees taking into consideration local conditions. A basis for computation is furnished by Mr. McAlister, who advises a 33 1/2 per cent. to 50 per cent. increase in the price per cord over the price prevailing in 1916. These figures to apply to wood in four and eight foot lengths on drays and wagons of farmers, or on cars f. o. b. the place of shipment.

Married—Miss Annie Valentine and Lacy Lanier at the home of the officiating minister, Rev. James W. Kose of the West End Baptist church.

Next Week's Paper

This is next week's paper (Dec. 27th issue) which comes to you several days ahead on account of the Christmas holidays. We wish one and all a merry Xmas and happy New Year.

The Jamestown High School Closes Friday

The fall term of the Jamestown high school closed Friday afternoon for Christmas vacation. Term examinations have been in progress since Tuesday morning and will be concluded Saturday. The school is fortunate in having a sufficient supply of coal on hand although the recent cold weather has caused very rapid consumption of the supply.

A fitting climax to the conclusion of the fall term work will be a Hooverized banquet of the Alumni Association in the basement of the school building, Friday evening at 8 o'clock. Extensive preparations have been made for the occasion and practically all of the former graduates and teachers will be present. The members of the board of trustees and others have been invited. Prof. N. W. Webb, president of the State Teachers' assembly, will be present to make an address on the occasion. Captain Superintendent T. R. Foust and Mr. Ireland, member of the county board of education, will also be present. The occasion promises to be a splendid event in the school year and the present time.

W. A. Lanier and Thos. McKenzie, employed at the plant of the Consolidated Veneer Co., this city, were in an automobile accident Tuesday at Thomasville. Train No. 37 struck the truck they were in, badly damaging it and painfully though not seriously wounding the men. The car stopped on the track and there was not enough time to get it out of the way before the train struck it.

If you smell escaping gas report it at once to Manager Jennings of the local plant. The cold weather may cause some pipes to burst. Help save the full supply by at once giving notice.

STARVING—HELPLESS—
she hears her little baby night and day, piteously crying for food—sees its little body waste slowly away until, exhausted, it lies on the cold ground, its weak cry stilled—and in silent, mute appeal passes away—
STARVED TO DEATH

IF THIS WERE YOUR CHILD!

In War Countries MILLIONS of children face the bitter cold of another winter without food—hundreds of thousands in rags, and naked. Many live in holes in the ground, like wild beasts, children gnaw at the carcasses of dead animals to live; and in the fields by the roadside, little ones, separated from parents, lie starving, dying—ALONE!

MILLIONS OF CHILDREN HAVE STARVED TO DEATH IN OUR COMMON CAUSE.

Weakened, exhausted by three years of underfeeding and exposure, MILLIONS MORE WILL DIE this winter if we do not help them.

10 CENTS will give a starving child one day's life
35 DOLLARS, one month's life

Over 500,000 American boys and girls are working and sacrificing month by month to help. **THIS CHRISTMAS OUR BOYS ARE OFFERING THEIR LIVES TO SAVE THESE STARVING CHILDREN.**

You have a few friends with whom you customarily exchange Christmas gifts.

Won't YOU write at least one friend that you are sending the money-cost of his or her remembrance to the Children of America's Army of Relief to keep the breath of life in some little body, and ask that your gift be sent in the same way, using slips 1 and 2 below if you wish.

Killed a Big, Black Bear

Lee Meredith, while at home Wednesday afternoon near Oak Hill school, three miles from this city, killed a 200-lb. black bear. Of course the big game was skinned and "bar" meat will whet the appetites of Meredith's household for some time during these days of high prices. Lee bought the bear from Rube Vail some time ago and had it at his house where the killing occurred!

A Great Thing If--

It would have been a great thing if the various banks throughout the country conducting Christmas savings clubs had turned them into war savings stamps and thrift clubs this year. If the war keeps on for any great length of time every agency possible will have to be put to work to collect the pennies and dimes throughout the land. As the saying goes: "Eventually, why not now?"

SPECIAL SHIP WITH MAIL FOR U. S. TROOPS AT PORT

A French Port, Dec. 21.—A special ship carrying 20,000 sacks of Christmas mail for the American troops arrived today. The army postoffice has 50 special freight cars and an extra heavy detail of men to handle the mail, which will be rushed to 20 branch postoffices, whence it will be distributed on or before Christmas day.

Another steamer arrived on Monday with 4,600 sacks of army mail, mostly Christmas presents.

JAMES B. DUKE AGAIN GIVES HANDSOMELY TO PREACHERS

Trinity College, Dec. 21.—Again this year James B. Duke is contributing through Trinity College the sum of \$10,000 for the use of worn-out Methodist preachers and widows and orphans of deceased Methodist preachers within the bounds of North Carolina. The amount that goes to each one from this fund is fixed by the appropriations made to the claimant from the funds provided by the church for this purpose. President Fow is sending out the checks today with Christmas greetings and expressions of great glad will from Mr. Duke and Trinity College.

Don't Forget

that the Christmas Savings Club of the Home Banking Co. is ready to receive members at any time now and that Saturday would be a good day to join. The first payment is due Monday, Dec. 24th, but the earlier you come the better and avoid the rush, but any time next week will do if inconvenient to call sooner. See ad. elsewhere.

PATRIOTISM WITH A PINCH

The man who does without new clothes and wears his last year's rags, yet foots the bill for wife's new suit, dress and coat! Isn't that genuine patriotism?

HIGH POINT, ROUTE 4.
(By Mary A. Clodfelter.)

As there is going to be two papers this week it requires two letters from me. The Review keeps growing. This morning my husband said The Review kept getting better every issue. Let's all of us correspondents stand by Editor Stamey and help him make the paper better and better by writing all the news possible each week.

Mr. and Mrs. John Neal and three children of Oklahoma have returned home after a visit to their relatives in this neighborhood.

Mrs. C. C. Smith is some better. Mrs. Luther Hine, who is at the High Point Hospital, is also improving.

Wood is the cry now. People can't get enough. It is bringing as high as \$8.00 a cord in small lots.

Miss Lou Hine will return home next week from the Charlotte hospital, where she has been for some time under treatment for nerve trouble. She is the niece of the writer.

D. E. Clodfelter has caught 15 rabbits since the snow fell. The snow has been removed from the sand-clay roads.

Mrs. D. E. and Roby Clodfelter visited Mr. and Mrs. R. M. Clodfelter Sunday.

"God made the earth in six days and rested on the seventh," so we should keep the Sabbath holy, and we should not do anything on that day we could have done in the week, but serve Him "who doeth all things well," on the Sabbath.

Merry Christmas to all and hoping that every reader will be remembered Christmas morning.
